

## **Objectives & Norms of the Organization**

1. To work for the welfare and upliftment of society through constructive and humanitarian activities.
2. To undertake health-related initiatives with prior approval from authorities, including health awareness programs, sanitation, cleanliness drives, blood donation camps, eye check-up camps, and medical support services.
3. To promote unity, brotherhood, harmony, and social integration among people from diverse backgrounds.
4. To promote moral, ethical, and value-based education by establishing and supporting schools, colleges, and educational institutions, and by organizing training programs and competitive activities.
5. To establish and manage schools, colleges, technical institutions, and universities for providing professional and vocational education, and to support employment-oriented services through training and skill development programs.
6. To promote technical education by establishing and operating training centres, ITIs, polytechnic institutes, and engineering colleges, and by organizing training camps and competitions to encourage technical excellence.
7. To operate and manage schools, colleges, and non-formal education centers such as literacy centers and cultural education centers.
8. To provide assistance and support to helpless, elderly, disabled, and economically weaker sections of society.
9. To conduct awareness campaigns for de-addiction and to establish and operate de-addiction and rehabilitation centers.
10. To work in the field of environmental protection and conservation, including plantation activities with due permission from authorities.

## **Objectives & Norms of the Organization**

11. To undertake social, cultural, religious, and humanitarian activities for overall community development.
12. To promote social and economic development of society through various welfare initiatives.
13. To work for women and child development and actively participate in programs related to their welfare and empowerment.
14. To guide, support, and provide training to self-help groups and community-based organizations.
15. To conduct awareness campaigns and promotional activities under national cleanliness initiatives such as the Swachh Bharat Abhiyan.
16. To provide training and awareness in accordance with international standards of organic and natural farming practices.
17. To promote and encourage organic farming and sustainable agricultural practices through outreach and capacity-building programs.
18. To organize, manage, and support various regional, national, and international educational, cultural, and social activities.
19. To act as a motivating and facilitating organization for implementing employment-oriented programs and development schemes aimed at overall societal progress.
20. To establish and manage welfare institutions such as hostels, shelters, old age homes, women shelter, child care homes, training centres, and community workspaces for holistic social development.
